Handcrafted Heritage of Assam

Handloom textiles, artisan jewellery and natural fibre crafts,
made by hand in the Northeast.

OUR STORY

Where Culture Meets Future

Astha Handicrafts Producer Company Limited is a certified producer company founded in October 2022 in Guwahati, Assam, working alongside an NGO dedicated to preserving the artisanal heritage of the Northeast.

We work with communities of women weavers and craftswomen from the Rabha, Hajong, Garo and Bodo traditions. Through training, workshops and fair markets, their skills become sustainable livelihoods, and centuries-old crafts find new homes across India.

Every product in this catalogue is made by hand from natural, sustainable materials. Small variations in colour and weave are the signature of the hands that made it.

Handmade

By women artisans of Assam & Meghalaya
